

Butts County School System Meal Plan SY20/21

Back to School with School Nutrition

Thank you so much for supporting our program

High School Service Model for Face to Face Learning

Please see your school's August menu on the School Nutrition Department page.

Breakfast Model (Grab and Go): Meals will be served from breakfast carts and pizza line to be enjoyed in the classroom.

Lunch Model (Classroom): Students will come through the line and receive their meal, which is plated for them per student choices. Social distancing will be practiced within the serving lines and the in cafeteria. Meals will be plated at time of service to ensure proper food temps and food quality. Students will have a choice of milk to accompany their meal.

Lunch Model (Cafeteria): Students will come through the line and receive their meal, which is plated for them. Social distancing will be practiced within the serving lines and the in cafeteria. Students will have a choice of milk to accompany their meal.

Student Allergies: All student allergies will need to be documented with SNP manager and student flagged on classroom roster. Meal tray will be labeled with the students name and allergen.

Traditional delicious hot meal will be enjoyed by all, with plenty of choices to tantalize all taste buds. Salad and PB&J options will be available for students daily.

Proper safety measures practiced at all times

Please email Nicole James (jamesn@bcssk12.org) for any questions or concerns.
