

# BUTTS COUNTY SCHOOLS – TRANSPORTATION

## BUS PARENT PORTAL INFO & BUS PARENT APP

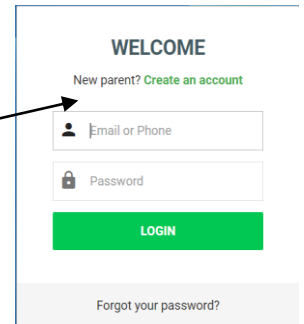

Would you like to have access to information about your child(s) individual Bus Schedule, Route updates or other Bus notifications? We are happy to introduce our new parent transportation portal, **Travel Tracker**.

With Travel Tracker Parent Portal and BusQuest Parent App you now have an **OPTIONAL**, easy-access way to view/access Bus information for your student(s) complete with route information, driver contact info and approximate AM pickup times (PM times to come very soon).

Please click <https://routing.app-garden.com/buttsga/> or **SCAN the QR Code** for the transportation registration Parent Portal to Create a Parent Portal account to begin the Bus registration process.

Then Click on New Parent "Create Account"

After registration info has been accepted and when routing of your child is complete you will receive an email with their individual Bus schedule information.

**NOTE: The Parent Portal/App are NOT required for your child to receive Bus Transportation, it's just an OPTIONAL, convenient way to access their Bus schedule and related Bus info.**

*The BusQuest App is the same info as the Parent Portal, just conveniently viewed on your mobile device. **To use the app though, you must create a Parent Portal Acct at the link above...***

BusQuest (Parent App) download links (or Search Apple App Store or GooglePlay store on your mobile device):

iOS download QR / Link: <https://apps.apple.com/us/app/busquest/id1502339271>

Android download link
