---

Jackson High School Family,

Welcome back to in-person learning at Jackson High School. We will resume in-person learning on January 19<sup>th</sup>. Those students that have chosen virtual should be or will soon be enrolled in their Edgenuity or Google Classroom course. Please email the teacher if you have any technical difficulties.

**In-Person Learners:** Students should pick up a breakfast, if needed, and report to their Advisement class by 8:10. While in advisement, students will be given a hard copy of their schedule and the revised mitigation strategies will be shared.

Most of our mitigation strategies will be unchanged such as, one way hallways where needed, face coverings during all transitions, lunch and breakfast in their classrooms, and an emphasize on social distancing. Due to the fact that we will have an increase in our in-person learning numbers, face coverings will be required in any classroom space that does not allow for social distancing.

As always, if you, the parent, feel uncomfortable with in-person learning you have the prerogative to switch to virtual learning. If you choose to switch to virtual learning please email me directly at [rustinw@bcssk12.org](mailto:rustinw@bcssk12.org).

**All Students:** As we return to in-person learning please be aware of your student's health. If your child has Covid like symptoms please do not hesitate to keep them at home and follow local DPH guidelines. If your child test positive or has an exposure to a Covid positive person, please notify us by emailing our healthcare worker Mrs. Williamson at [williamsons@bcssk12.org](mailto:williamsons@bcssk12.org).

Thanks again for your cooperation and I look forward to seeing our student back at Jackson High School on Tuesday.

Will Rustin

Principal

Jackson High School
