### EXTRA MILE AWARD

Congratulations to our Extra Mile Award winner for November, Stark Elementary School teacher, Katie Collins. This year, she has created the entire grade level a binder with standards and assessments, organized our grades for us on a grade level document, and is always willing to help out and make sure those less organized are ready for their day. She is the glue that holds her grade level together to make sure that everyone is organized, on track, and ready to give students their all. She is a fantastic teacher, and a fantastic person.
